

XXXXXX AGENCY

MEMORANDUM FOR THE STATE-ARMY-NAVY-AIR COORDINATING COMMITTEE

**SUBJECT: CIA Comments on the Report of the Economic Working Group on Economic Aid to the Special Ad Hoc Committee "Foreign Needs for U.S. Economic Assistance During the Next Three to Five Years", dated 1 July 1947**

1. The comments of the Central Intelligence Agency from the intelligence aspect on a draft of subject report, were presented orally during the course of a meeting between CIA representatives and the Economic Working Group at the time the report was being prepared.

2. In view of this previous action and, as stated in subject report, the fact that the report was prepared some months ago and has now, to varying degrees, been superseded, it would not appear that further comment by CIA is required.
